

java::util::HashMap
< String, Item >

```
classDiagram
    class java_util_HashMap["java::util::HashMap<String, Item>"]
    class pkg_world_ItemList["pkg_world.ItemList"]
    pkg_world_ItemList --|> java_util_HashMap
```

The diagram consists of two class boxes. The top box, representing 'java::util::HashMap', has a light gray header with the class name and two empty white compartments below it. The bottom box, representing 'pkg_world.ItemList', has a dark gray header with the class name, a dark gray middle compartment, and a dark gray footer containing the method '+ transfer()'. A blue arrow with an open triangular head points from the top of the bottom box to the bottom of the top box, indicating inheritance.

pkg_world.ItemList

+ transfer()
